BETHANY COLLEGE, Va.

THE undersigned, agent in the State of Missouri, for the sale of scholarships in Bethany College, would call the attention of the public, and of the friends of the College, to the advantages offered to those who secure scholarships in the Institution, as set forth in a recent circular of the Board. The payment of fifty dollars at any time before the first of September, 1847, [after which time no scholarship will be sold,] entitles a person to one scholarship, during his or her natural life, or until his or her youngest son shall have attained the age of twenty-one. The scholar is to be either himself, or any one of his or her children successively, until his or her youngest son shall have attained the age of majority. And in case of having no son, he or she may select any one, who shall, on his or her commendation, be entitled to a full course of instruction in said College during the term of fifteen years; or he or she may assign such right, and the assignee shall have the privilege to send successively one scholar during the remainder of said fifteen years; and if such person so entitled to a scholarship shall afterwards have a child or children, he or she shall have the same rights to which they should have been entitled had they not as yet sent any one under his or her right of scholarship.

As to boarding, washing, and other expenses, they may, under the new arrangements, be made as cheap as home education, and in most cases for less than the usual outlay for sons at home. The College is too favorably known to make it necessary to say anything in its praise. It is proposed to sell, in the different States, the full number of 2500 scholarships; but in the event of failing to dispose of that number, the scheme proposed will not be carried out.

As the undersigned can go through only particular parts of the State, before the first of September, he invites all who are desirous of securing scholarships, to inform him of their wish, as speedily as convenient, by letter directed to him at St. Louis. April 30, 1847. WALTER W. BLAIR.

DR. GILBERT & SON'S INFIRMARY,

Near Memphis, Tenn.

AS an act of justice to Dr. Gilbert, and for the benefit of the afflicted, I wish voluntarily, to add my mite to the numerous testimonials already before the public, certifying his extraordinary success in the cure of Cancers, Ulcerous Sores, Scrofula, White Swellings, Syphilis, Wens, Dropsey, Mercurial Affections; indeed, all that class of monster diseases, so terrible to the afflicted, and so formidable to the practitioners of all old and new systems hitherto extant.

In addition to the evidence of many eminent citizens and medical gentlemen, my own senses, during a sojourn under the Doctor's roof, have given "confirmation strong as proof of holy writ," of his entire restoration of persons given over to the King of Terrors, by those skillful in their profession, and, in many instances magnanimous enough since, to bear ample testimony to his skill.

Dr. Gilbert is the discoverer of his own remedies, and chooses to keep them secret; in no other way is he amenable to the charge of quackery as generally applied; as his applications and cures, his professional accuteness and sound judgment, his candor and kindness, are, to the observers, manifest as light.

I would add, his accommodations are ample, his Infirmary the achme of cleanliness and order, and his family the kind sympathisers with all the afflicted. Let the family of Job seek him, and find relief.

A Camp Meeting,

To commence Friday before the third Lord's day in October next, at Clear Spring Meeting House, Henry county, Tennessee, about twelve miles north of Paris, near the residence of J. H. Vandyck. The brethren and friends are respectfully invited to attend; preaching brethren especially invited.

TO SUBSCRIBERS.

By reference to our terms, it will be seen, that after the expiration of six months, (which time has now expired) until the end of the vol., the price of our paper is \$1.50, but we will say to those who have not yet paid, that one dollar will be taken in full for the present volume, of all who may remit to us within a short time. We would be pleased to hear from all who owe for other volumes. Where an agent is not convenient, each one can act as his own agent, by enclosing, or getting his post master to enclose to us, his subscription money.

It will be recollected that the postage on this paper is $2\frac{1}{2}$ cents per No. And as it is governed by weight, the two Nos. under one cover is subject to only $2\frac{1}{2}$ cents.

We have now caught up with the regular time of issuing, and hope be able to keep up.

We expect to return to Paris, Tennessee, for a short time, after the issue of this No., but Bro. G. A. KERR will attend to matters connected with the paper, during our absence. He can be found, by those visiting the city, at the store of Wm. G. FIFE & Co., corner of Morgan street and Broadway, No. 197.

Money remitted per mail at our risk.
Address, S. B. ADEN, Publisher,
St. Louis, Mo.

Complaints have reached us from various points, in reference to the receipt of our paper; some receiving but a portion of their Nos., and they with great irregularity. Others receiving none at all. This evening, Aug. 4th, we received a note from Bro. Carrington, of Columbus, Miss., post marked July 24th, saying: "most of us have received but one No. and that the second," &c. The fault must be in the mail department, for we have mailed to all regularly, whenever issued. Nevertheless, we furnish all missing or back Nos. whenever called for by any one.

Our August No. will go to press tomorrow, and by the 15th we expect to have it mailed to all subscribers, and should they fail to receive it in due time, the fault cannot be attributed to us.

Tobacco Proscribed.

The Baptists and Presbyterians are holding general conventions in Cincinnati, and the citizens of that place appear to be unwilling to extend the hand of hospitality to the delegates, unless they give up their tobacco. The Gazette says:

Our theological friends, the delegates to the convention, seem to have brought their partiality for tobacco to a poor market. It is said the proprietors of the Second Presbyterian Church hesitated long before giving their consent to its being used for a convention, not wishing to have it besmeared with tobacco juice. A distinguished physician offered to entertain four of the delegates at his house during their stay, if that number could be found who did not use the filthy weed. The Rev. Mr. Magoon, on extending Prof. Mitchel's invitation to the Baptist convention to visit the observatory, begged that the delegates "would leave their tobacco at the foot of the hill." In view of this general unpopularity in all decent society, the editor of the Watchman of the Valley entreats his reverend friends to forego the use altogether.

Discourses.
